Forward

IPFG is a non-governmental organization with a vision to have a democratic society where both women and men are aware of their problems, complement one another and actively participate in the actions of the entire development and with mission to promote and reinforce complementarity between man and woman as well as their participation in the actions which aim to achieve social and economic development based on fairness.

From its creation, its interventions have been focusing much on improving the livelihoods conditions of the targeted population through supporting them to increase agricultural production, diversify sources of income, building climate change resilience and considering cross cutting issues including gender mainstreaming, conflicts resolution, environmental protection, disability inclusion and use of technology to promote cashless economy. IPFG is guided by its 5years strategic plan 2019 - 2023 which was developed considering the changing context and also global and national orientations and strategies particularly SDGs¹ and NST1² where we have 4 priorities including (1) Improving the livelihoods of the target beneficiaries; (2) Promoting gender, fighting against GBV and conflict resolution in the families; (3) Promoting citizens' participation at local level; (4) Strengthening the institutional capacity of IPFG.

Successful implementation of these priorities requires a strong collaboration with different stakeholders such as donors, government authorities at all levels, CSOs³, and targeted beneficiaries. Within 6years period from 2014 to date IPFG has achieved a lot where it reached 9320 Beneficiaries with a budget equals to 795,294,928 RWF and is committed to ensure that poor and vulnerable people have a resilient livelihood.

Therefore, I take this opportunity to express my deep appreciation to all of our stakeholders particularly donors for their valuable contribution and support. I look forward to achieving IPFG's mission and vision while bringing a transformative intervention to the targeted population.

Thank you.

UWAMAHORO Clotilde
President and legal representative

¹ SDGs refers to sustainable development goals

² NST1 refers to national strategy for transformation

³ CSOs refers to Civil Society Organizations

INTRODUCTION

IPFG is a non-governmental organization created in 2002 and legally registered by the ministerial Order N° 17/11 of 31 January 2006 which was published in the Official Gazette of the Republic of Rwanda O.G N° 10 bis of 15 May 2006.

Vision: *IPFG aspires to a democratic society where both women and men are aware of their problems, complement one another and actively participate in the actions of the entire development*

Mission: *To promote and reinforce complementarity between man and woman as well as their participation in the actions which aim to achieve social and economic development based on fairness.*

It is based in southern province, Nyamagabe District, Gasaka Sector and operates in 3 Districts namely Nyamagabe, Nyaruguru and Nyamasheke. Its priorities over 5 years include improving the livelihoods of the target beneficiaries; promoting gender, fighting against GBV and conflict resolution in the families; promoting citizens' participation at local level and strengthening its institutional capacity. IPFG has been supporting poor and vulnerable people where it has been contributing to SDG: 1(no poverty); 2 (No hunger); 5 (gender equality); 13 (climate action); and 15 (life on land).

Concerning networking, IPFG is one of founder members of IPC, "Initiative pour la Participation Citoyenne" a network of 5 local NGOs⁴ strengthening citizens' participation through imihigo cycle. It is also a member of RCCDN, Rwanda Climate Change and Development Network, that strengthens the implementation of nationally determined contributions (NDCs) and other amendments with regard to climate change to which Rwanda is signatory. In addition to that, it is a member of CCOAIB⁵.

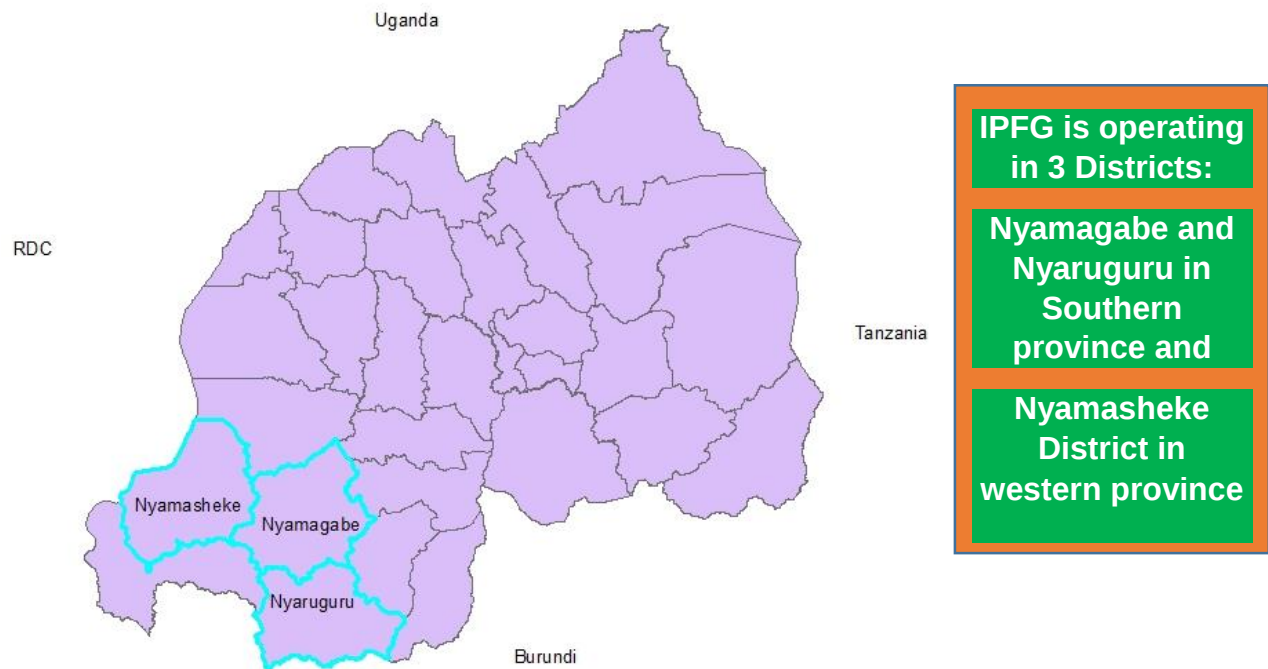

IPFG has a strong governance structure general assembly; board of Directors; control committee; procurement committee, conflict resolution committee and technical team. The board of

⁴ 5NGOs founder members of IPC: IPFG; SDA IRIBA; UNICOOPAGI; CDJP Gikongoro and EAR Kigeme Diocese

⁵ CCOAIB: Conseil de concertation des organizations d'appui aux initiatives de base.

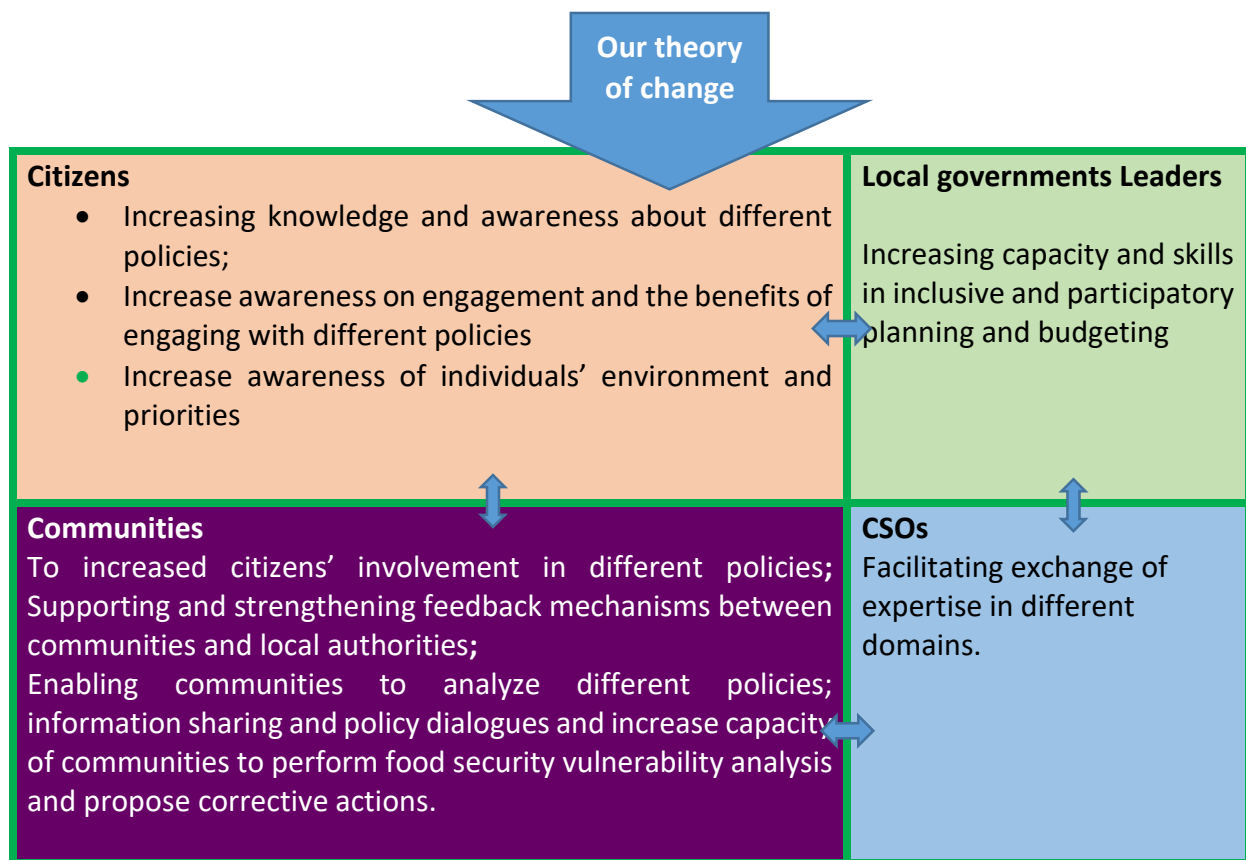

directors and control, procurement, and conflict resolution committees are ending their mandate and we take this opportunity to review the achievements made during their mandate.

Geographical focus

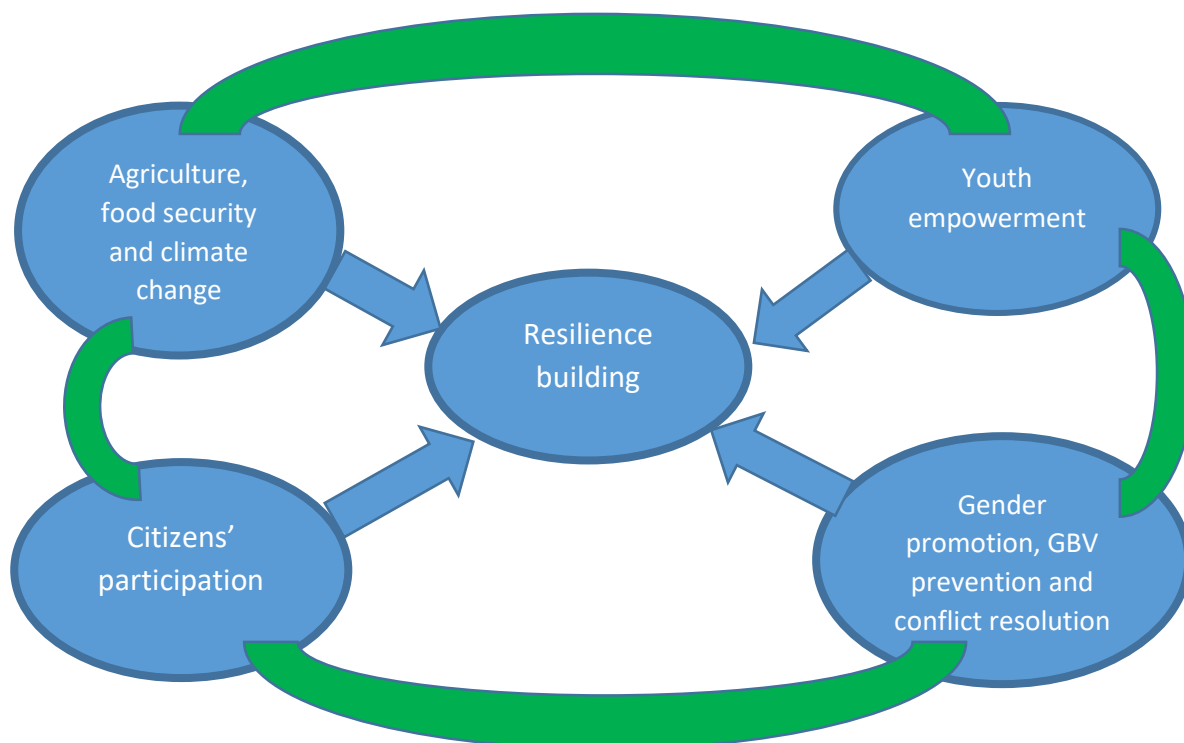

Our theory of change

Our theory of change focuses on (1) Individuals as they need to be supported to have the resources, skills, knowledge and confidence to live a life of dignity and secure their basic rights; (2) Communities as they need to be mobilized and (3) leaders and (4) influencers need to be engaged to build sustainable and resilient communities

Key interventions to build resilience of the targeted population

Our targeting approaches

- ✓ *Ubudehe category 1& 2 and few from Category 3 confirmed in public by their neighbours;*
- ✓ *Female households (FHH);*
- ✓ *Child heads household (CHH);*
- ✓ *People with disabilities;*
- ✓ *Elderly.*

IPFG implement different projects to build the resilience of the targeted beneficiaries such as an individual organization and through consortium. Let's discuss the progress made from 2014 to date.

Key achievements

Pillar 1: Agriculture, food security and climate change resilience

-  *Agricultural value chain promotion (Soybean & Maize);*
-  *Small livestock distribution (Chickens; Goats and Pigs) to poor and vulnerable households;*
-  *Climate change adaptation and mitigation to build resilient communities;*
-  *Inclusive engagement in agricultural policy formulation, implementation and monitoring.*

Pillar 2: Gender promotion, GBV prevention, and conflict resolution & youth empowerment

-  *Youth and single mothers' empowerment (Skills; start up tool kits provision).*

Pillar 3: Promotion of citizens' participation and Social economic development

-  *Enhancing the citizens' participation in imihigo cycle;*
-  *Capacity building through trainings (Visualization; planning and budgeting; advocacy, etc.);*
-  *Enhancing imihigo dissemination, transparency and accountability through Dash Boards & initiation of imihigo watch;*
-  *Provision of small grants to strengthen re-opening/re-dynamization of small income generating activities (IGAs).*

Pillar 4: Strengthening the institutional capacity of IPFG.

-  *Proposal writing and submission to the donors*

Other: Support to Nyamagabe District and sectors to cope with Covid-19 effects on their population.

-  *Distribution of food and non-food items to more affected people in Cyanika, Gasaka and Kibilizi sectors.*

Achievements in details

Under pillar 1. Agriculture, food security and climate change resilience

Soybean & Maize value chain promotion.

Key achievements

- **Number of people who took 2 meals per day** *increased from 54.2% in 2012 to 86.3% in 2015;*

Maize productivity increased			Soybean productivity increased		
Baseline	Target	Achievement	Baseline	Target	Achievement
2.5T/Ha	4T/Ha	3.5T/Ha	0.6T/Ha	1.5T/Ha	1.2T/Ha

- *45% of processing plant raw material were supplied by farmers' cooperatives*
- *Community seed bank constructed in Ngoma sector/Nyaruguru District to promote collective collection of the farmers' harvests and sell collectively.*

Other achievements

- ✓ Improved milling machine was purchased;
- ✓ Implementation of the food safety management system (FSMS);
- ✓ Purchase of Quality control and testing equipment like moisture meter;
- ✓ Purchase of improved packaging materials for processed flours;
- ✓ The new company now known as Komezubuzima Ltd was registered in RDB whereby the certificate of registration was obtained in June, 2014;
- ✓ S-mark from RSB (Rwanda standard Board) was awarded for 2 products (Komezubuzima composite flour and Roasted soybean flour) among 11 processed products;
- ✓ IPFG influenced local authorities of Nyamagabe District especially in Cyanika Sector to consider soybean crop in sector performance contract 2014/2015 as a productive and nutritional crop.

1 Drying facility (Hangar) constructed in Kiyumba Cell/ Cyanika sector and 20 threshing machines provided to maize farmers.

1 Seed bank (Store) constructed in Ngoma Sector to strengthen collective harvesting and selling.

S-mark awarded to:

- **Komezubuzima composite flour;**
- **Roasted soybean flour.**

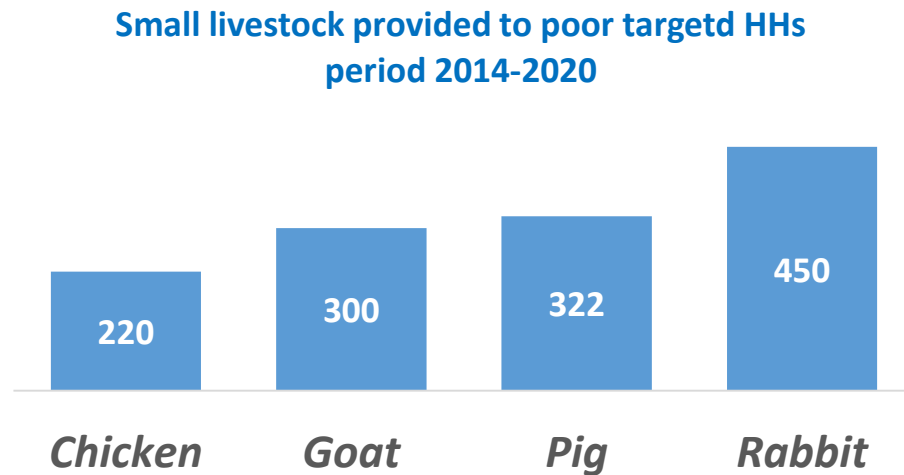

Processing area

The above achievements were realized with the financial support from Comic Relief and IRISH AID via Trócaire-Rwanda.

Small livestock distribution (Chickens; Goats and Pigs) to poor and vulnerable households.
1,292 Small livestock were distributed to the targeted households. The chart below summarizes the type of livestock distributed.

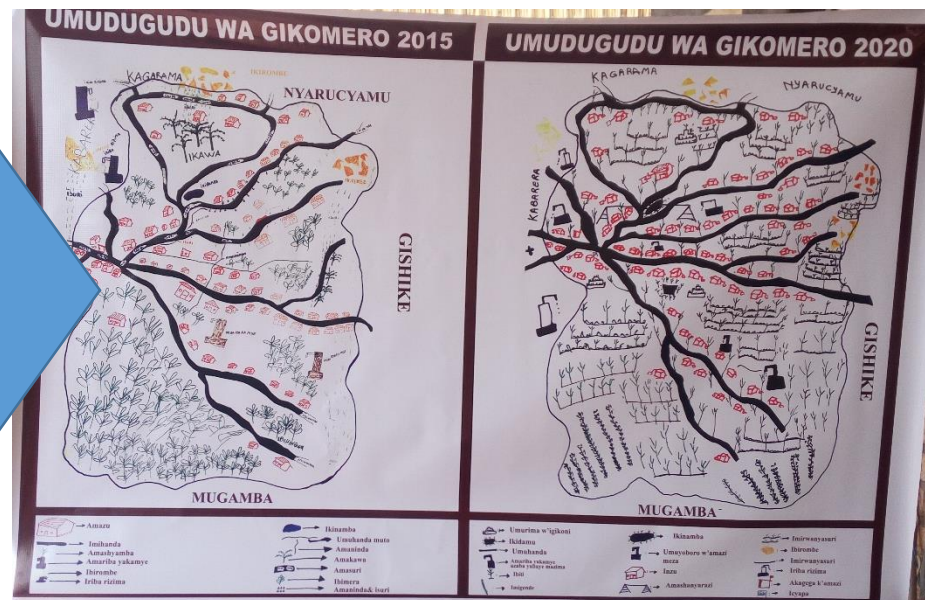

Climate change adaptation and mitigation to build resilient communities.

- ☞ 10 Communities (Villages) educated in climate change effects and adaptation and mitigation measures.
- ☞ 10 Community Action Plans, baseline and vision maps developed and IPFG has been supporting some actions in those action plans.
- ☞ Holistic landscape planning is also being strengthened.

Baseline and Vision map of Gikomero village with regard to climate change resilience.

- ☞ 10 Water Committees comprised of 80 members of which 50% are females established at village level and supported (trainings; materials).

After evaluation of their work, water committee members were awarded with different materials (Boots, certificates, t-shirts, registers and wallets). Individual farmers were also evaluated and the 2 best performers were awarded certificates and pigs.

Agro-forestry planting promotion in intervention area.

8 Nurseries developed (7 in Gitega and 1 in Kiyumba cell) with more than 80,000 agro-forestry trees including fruit trees. Agro-forestry planting was promoted in the intervention area.

Provision of roof rain water harvesting technologies to poor and vulnerable households.

- 749 Households were supported to have Rain Water Harvesting and storage tanks to strengthen agricultural production particularly vegetables.
- 12 Very old houses were rehabilitated before installation of water tanks (8 Houses in Gitega and 4 in Kiyumba cells respectively).

Before Rehabilitation

After Rehabilitation

Now KANKINDI living in Gikomero village, Kiyumba cell, Cyanika sector is no longer hopeless of life as she worried that her very old house should destroy her life.

The table below summarizes technologies/types of water tanks provided

Type of water tank	Number
Semi-under ground	619
Plastic tank	54
Bamboo tank	76
Total	749

The financial support from SCIAF and IRISH AID via Trócaire is much appreciated.

These water tanks contributed not only to increase of vegetable production in the intervention area but also to improved social cohesion and house hold income from the harvests.

Strengthening of vegetable production

The targeted households were provided with enough vegetable seeds (carrots; onion; beetroots; pepper and cabbages) to strengthen vegetable production; contribute to improved nutrition and increased income from the harvests. This has been contributing to obtaining basic household needs.

Photo Cyanika/Kiyumba: Artificial land use was adopted by the targeted beneficiaries

The targeted population, motivated by rain water harvesting for vegetable production, even in dry season, they are growing vegetables.

MUSHIMIYIMANA Angelique living in Kigarama village Gitega cell, Cyanika sector is irrigating her vegetable garden.

Saving and loan groups creation and support

- 8 Saving and loan Groups created and supported including 5 in Gitega and 3 in Kiyumba.
- Off farm Job strengthened through (1) provision of loan capital to saving and loan groups and (2) provision of financial support to individual beneficiaries (17persons) particularly females.

Promoting use of energy efficient cooking stoves in intervention areas.

496 poor households having kitchens provided with saving cooking stoves of DARFULL type.

76 poor households whose no kitchens were provided with mobile saving cooking stoves

In total 576 HHs supported to have energy efficient cooking stoves “cana rumwe “

Participating in JADF Open days.

IPFG participate in JADF open days to share its work and also it provides annual contribution as required to ensure JADF activities run smoothly

IPFG's innovations shared with the participants in JADF open day/Nyamagabe District

Inclusive engagement in agricultural policy formulation, implementation and monitoring.

Photo GOLDEN MONKEY HOTEL, January, 2020. Nyamagabe District advisory committee, CSOs, Agricultural committees representatives, discussing on Agriculture sector development

Key achievements with support from International Alert and EU

- *Farmers increased skills on how to calculate agriculture production cost*
- *Strengthening Gender mainstreaming in Agriculture sector.*
- *Sharing findings from CRC 2017 with District's stakeholders (Focus on agriculture and livestock production).*
- *Agricultural committees VAC, CAC, SAC & DAC were supported to understand and fulfil their roles and responsibilities.*

- *Training Agricultural committees and CSOs on PSTA4, roles and responsibilities in implementation of PSTA4.*
- *Facilitate planning between VAC, CAC, SAC, and DAC where DAC and 2 SAC action plans were elaborated and implemented.*
- *Food security vulnerability and risks mapping and analysis conducted by VAC and FAG members Across 17 sectors after being trained in this exercise.*
- *ToT at District level conducted to enable replication of this exercise*
- *Results of mapping exercise presented to the stakeholders including small scale farmers, VAC, CACA, SAC, DAC and CSOs representatives. Events held at cell level.*
- *Finally, community food security action plans were elaborated across 34 targeted villages. In addition, baseline and vision maps were elaborated.*

The financial support from EU, Trôcaire and International alert is acknowledged.

Under International Alert: Sketch with regard to gender mainstreaming in agriculture.

Under EU co-funded project: Food security vulnerability and risks mapping-Ground mapping

European Union and Trôcaire decided to support one of that actions prioritized that required financial means as detailed in the table bellow

Prioritized actions to be supported by the project in the community food security action plans

No	Sector	Cell	Selected village	Selected actions	Timeline
1	Gasaka	Nzega	Gasaka	Strengthening of small livestock (pig farming)	December 2020 - January 2021
2	Kamegeri	Kizi	Kinyana	Chicken breeding	December 2020 - January 2021
3	Cyanika	Gitega	Gitega	Establishment of agro input shop to facilitate access to agricultural inputs by the farmers	December, 2020
4	Musange	Cyabasana	Gituntu	Development of nursery + land consolidation of fruit trees	From April 2021 to September 2021
5	Kitabi	Mukungu	Gahira	Promotion of chicken breeding	December 2020-January 2021
6	Mbazi	Mutiwingoma	Kabere	Increase number of fruit trees	From April 2021 to September 2021
7	Tare	Kaganza	Buremera	Promotion of small livestock (pig farming)	December , 2020
8	Kibirizi	Karambo	Gisoro	Promotion of small livestock (pig farming)	December , 2020
9	Kibumbwe	Nyakizu	Dusenya	Development of nursery + land consolidation of fruit trees	From April 2021 to September 2021
10	Kaduha	Nyabisindu	Kanyege	Promotion of small livestock (pig farming)	December , 2020
11	Mushubi	Buteteri	Nyakibande	Promotion of passion fruit	From April 2021 to September 2021
12	Mugano	Sovu	Rugarama i	Promotion of small livestock (pig farming)	December , 2020

13	Musebeya	Gatovu	Ryanyakayaga	Promotion of small livestock (goat farming)	December , 2020
14	Uwinkingi	Gahira	Gititi	Promotion of small livestock (pig farming)	December , 2020
15	Gatare	Bakopfu	Karumbi	Promotion of small livestock (pig farming)	December , 2020
16	Nkomane	Twiya	Karukoma	Promotion of small livestock (pig farming)	December , 2020
17	Buruhukiro	Byimana	Rukeri	Strengthening of vegetables and fruit trees	From April 2021 to September 2021

About 32,000,000RWF are planned to support the implementation of these actions.

Under pillar 2. Gender promotion, GBV prevention, and conflict resolution & youth empowerment

Youth and single mothers' empowerment

On funds from EDC Akazi kanoze,

- 298youth from Gasaka, Cyanika, kamegeli, Kibilizi and Kitabi sectors including 153 males and 145 females were trained in work readiness curriculum (Akazi kanoze). They graduated and awarded certificate recognized by WDA⁶
- 239 youth including 124 males and 115 females were provided with entrepreneurial skills

⁶ WDA refers to work force development authority

On funds from UNDP via RGB,

One of the youth supported to initiate small income generating business in Gasaka sector.

60 youth including 34 females and 26 males were supported to increase skills in (1) reproductive health and transmissible diseases; (2) entrepreneurial skills; (3) Internship in four trades including masonry; hairdressing; welding and carpentry and (4) provision of start-up kits to initiate small income generating businesses.

In total 358 youth including 179 females and 179 males were socio-economically empowered.

Many thanks to EDC Akazi Kanoze; Firelight foundation; UNDP & RGB for their contribution to improving youth livelihoods in Nyamagabe District

Under Pillar 3. Promotion of citizens' participation and Social economic development

Through IPC,

Enhancing the citizens' participation in imihigo cycle.

Dissemination and feedback of imihigo at Buruhukiro Sector

- Supporting districts of intervention in imihigo cycle processes (Planning: collection of citizens' priorities); implementation, monitoring and evaluation
- Training of opinion leaders at sector level across 46 sectors composing nyamagabe, nyaruguru and nyamsheke districts ;

- *Training of quality assurance team at sector level across Nyamagabe, Nyaruguru and Nyamasheke districts.*
- *Mid-term and annual imihigo evaluation in 3 Districts of intervention.*

Capacity building through trainings (Visualization; planning and budgeting; advocacy, etc.)

Through IPC on funds from GIZ, there was trainings on Visualization; planning and budgeting; advocacy for staff from organization members of IPC. This contributed to improving the work regarding data presentation, etc.

Enhancing imihigo dissemination, transparency and accountability through Dash Boards & initiation of imihigo watch.

Dash board were installed across 46 sectors in Nyamagabe; Nyaruguru and Nyamasheke districts;

In collaboration with GIZ, IPC is in process of initiating Imihigo watch App.

"Imihigo" continue, even if it is tough!!!

Provision of small grants to strengthen re-opening/re-dynamization of small income generating activities (IGAs).

- Through IPC, 1,373 small traders including 1,147 females and 226 males were technically and financially supported to re-open/re-dynamize their small income generating businesses in Nyamagabe, Nyaruguru and Nyamasheke Districts in 11 sectors including Gasaka, Tare, Mushubi and Kaduha in Nyamagabe; Ngoma, Busanze and Kibeho in Nyaruguru; Kanjongo, Kagano, Ruharambuga and Nyabitekero in Nyamasheke . Over 67,950,700RWF were provided to those targeted beneficiaries.

- 52 Recovery support groups created (24 in Nyamagabe; 16 in Nyamasheke and 12 in Nyaruguru district)

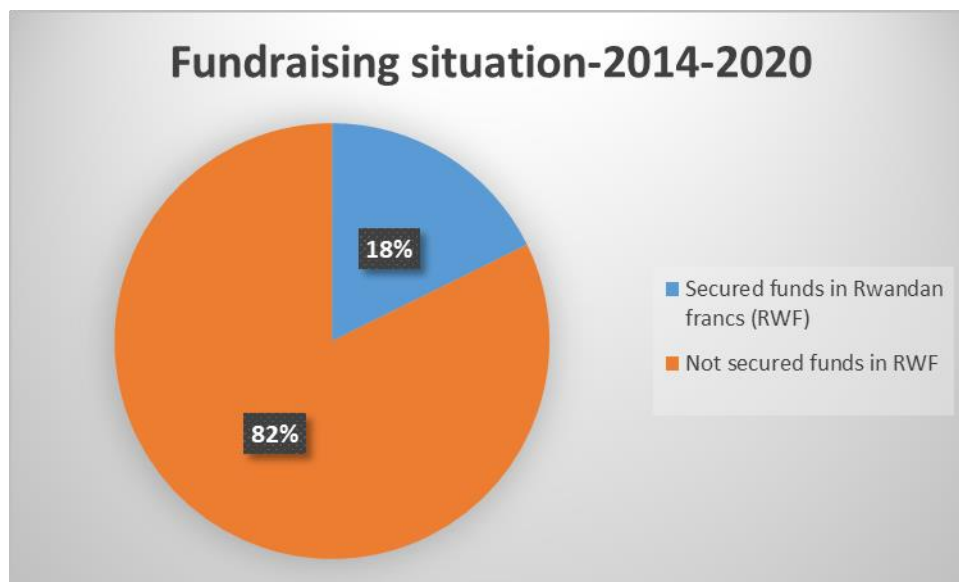

Under Pillar 4. Strengthening the institutional capacity of IPFG

Proposal writing and submission to the donors for funds raising

The table below summarizes the project proposal developed and their results after submission to the donors.

No	Project title	Donor	Budget	Status (succeeded; not succeeded and financed; waiting for feedback.
1.	Water for Agricultural Production	TROCAIRE-SCIAF	83,266,590 Rwf	Succeeded and funded for the period November 2014-September 2017
2.	<i>Improving resilient livelihoods for rural population especially women living in Nyamagabe District, Cyanika sector.</i>	IRISH AID via Trócaire	€ 282,975	Succeeded and funded from 2017 to date
3.	Economic empowerment for youth and single mothers in rural areas of Nyamagabe District	UNIDP via RGB	27,568,644 Rwf	Succeeded and funded for period March, 2016 – February, 2017
4.	Economic empowerment for the youth living in rural areas of Huye District-Huguka dukore project	EDC Akazi kanoze Access	33,224,060 RWF	Not succeeded
5.	Protection of the environment for green growth and climate resilience.	RGB	25,007,780 RWF	Not succeeded
6.	Inclusive engagement for change project (IE4CP)	International Alert	4,695,718 RWF	Succeeded and financed from 15 th June, 2017 to 30 June, 2018.
7.	Enhancing the capacity and the participation of small-scale farmers and civil society organizations in decision making and governance processes related to sustainable agriculture and food security in Rwanda (Applied as consortium, IPFG, Caritas Gikongoro, CCOAIB and Trocaire)	EU & Trócaire	€ 151,392.55	Succeeded and financed from August, 2018 to date until July 2021.

8.	Hope for Young Girl Mothers “HYGM” Project	Germany Embassy in Rwanda	22,938,329 RWF	Not succeeded
9.	Green And Resilient Village Project	Fonerwa	317,211,202 RWF	Succeeded but not financed.
10.	Improve adaptation and mitigation capacities for target population against COVID-19 effects in Rwanda. (Kubaka ubushobozi bwo guhangana n’ingaruka zatewe na Koronavirusi mu Rwanda). Applied as consortium of IPC, RUB(Rwanda Union of the Blind & EYE (Ejo youth Echo)	European Union.	198.004Euros	Succeeded and financed from 27July to 27 th November, 2020
11.	Sustainable Market alliance and Assets creation for resilient communities and gender Transformation (SMART project)	World food program (WFP)	1,834,039,424 RWF	Not succeeded
12.	Improve vulnerable farmers’ resilience to Covid-19 effects.	DFID	£ 580,000	Not succeeded
13.	Contribuer à l’amélioration d’autonomisation économique et santé des femmes et filles vulnérables pour s’adapter et atténuer des effets du Covid-19 dans le district de Nyamagabe.	OIF	€ 80,000	Not succeeded
14.	Functional Upgrade of the Imihigo Watch Application by introducing a feedback function which connects citizens with local authorities. (Via IPC)	Enabel	€ 350,000	Not succeeded
Secured funds in Rwandan francs (RWF)		758,086,775		
Not secured funds in RWF		3,522,650,813		
Total funds		4,281,007,588		

Only 18% of the funds applied for, was secured. It requires more effort to mobilize more funds.

So far, different strategic documents were developed including:

- The strategic plan 2019-2023;
- Complaint handling policies and procedures;
- Safeguarding policy;
- Travel policy;
- Procurement policy
- Code of ethics and procurement;
- Anti-fraud policy.

In addition to this, IPFG purchased new office to safely accommodate its staff.

IPFG Headquarter

Supporting more affected people to cope with Covid – 19 effects in Nyamagabe District.

In Cyanika Sector:

IPFG in collaboration with Trócaire **238HHs** composed of **894** persons were supported with food and hygienic materials. Each HH was provided with **20Kgs** of maize flour; **15kgs** of beans; **5bars** of soap; **2buckets**; **2cotexes**; **1jerican**.

In total **4,760Kgs** of maize flour; **3,570Kgs** of beans; **1,190bars of soap**; **476** buckets; **238jericans**; **476cotexes** were provided and **6megaphones** (1megaphone per each of the 6 cells composing Cyanika sector); **200masks**; **2leg push and wash** commonly known as "**kandagira ukarabe**" were also provided.

Photo IPFG, in Cyanika Sector, 2020 – Executive Secretary of cyanika sector and Program accountant from Trócaire participating in distribution of food and hygienic materials to the selected more affected people.

6 Megaphones provided to 6 Cells in Cyanika Sector to contribute to strengthening of community mobilization about Covid-19

TROCAIRE IN PARTNERSHIP WITH IPFG ASSISTED PEOPLE THAT WERE IN SPECIAL LOCKDOWN IN NYAMAGABE DISTRICT, GASAKA AND KIBILIZI SECTORS.

Nyamagabe District is one of the Districts of Rwanda affected by Covid-19 effects whereby after 4/5/2020 when Lockdown was a bit relaxed, on 14/7/2020 the minister of local government published a letter confirming special lockdown particularly for people living in Kigeme Cell of Gasaka Sector and Ruhunga Cell of Kibilizi sector due to the cases of corona virus to protect this population.

This led to different consequences including people who were staying at their homes and not allowed to work. This caused hunger in the affected population, and might be cause of delay of the beginning of the growing season A 2021 as people do not get time for preparing for seeds to grow.

It is in this regards, TROCAIRE and IPFG intervened to support the district in handling these issues. Thus, various items that make the support were provided to cell that were retained in lockdown, and those are Ruhunga cell in Kibilizi sector, and Kigeme cell in Gasaka sector as stated above. The support provided was composed of the following:

***Food items that include:**

- Beans: 3,000kgs
- Maize flour: 3,000kgs
- Cooking oil: 600liters

***Seeds:**

- Maize seeds: 600kgs
- Beans seeds: 1,200kgs
- Onion seeds: 7kgs
- Carrots: 6kgs

Hygienic and sanitation materials:

- Soap: 1,200 pieces
- Jerikan: 300 pieces
- Buckets: 300 pieces
- Kandagira-ukarabe: 7 pieces

Photo IPFG, Kibilizi Sector, 2020: The Mayor of Nyamagabe District and IPFG's Coordinator supervising distribution of food and non-food items to more affected people.

300 families were provided with food, hygienic and sanitation materials, while 600 families were provided with seeds. "7 Kandagira-ukarabe" were kept at cells' offices for hygienic use for people who come for services at cell office. Distribution of these items was done on 21st September 2020

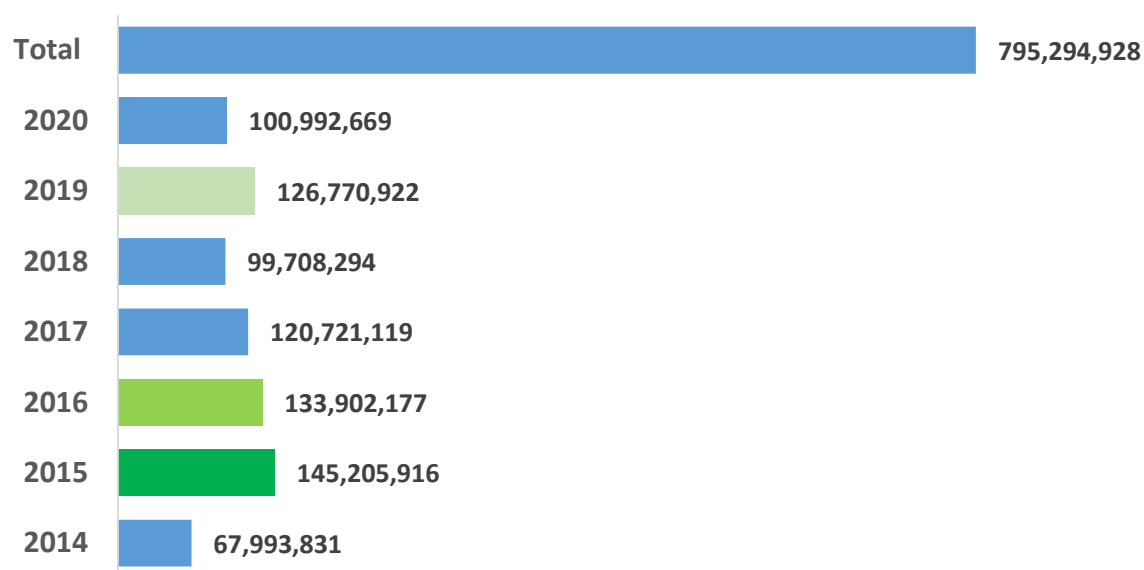

Handing over "Kandagira ukarabe" to Kibilizi sector official by IPFG's Coordinator and Mayor

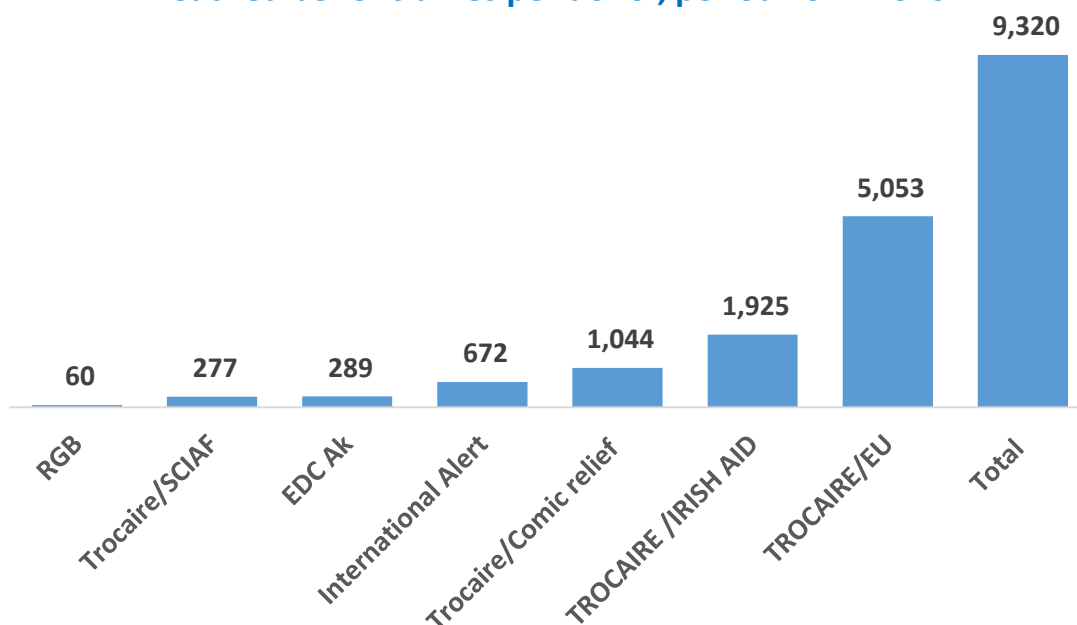

Executive secretary and DASSO Coordinator in Kibilizi sector distributing food and non-food
